## THE VISION

# FIRST CLASS DAYS, EPICUREAN EVENINGS & DIONYSIAN NIGHTS

## LIFESTYLE AND LUXURY BY MAJOR FOOD GROUP

A night out with Major Food Group (MFG) is like no other. Menus are classic yet rarified, the ambiance glows and crackles, and the staff always knows what you want next.

Now imagine the MFG ethos touching every part of your day: Wake up looking over the Venetian Islands, or arrive home to Villa Miami by helicopter; spend the day unwinding in the building's Mediterranean spa or skimming across the bay by boat, or both; stop by a wine tasting in the members' lounge, and revel late into the night at the city's best new restaurant, which just happens to be downstairs. A night out with MFG is like no other, and a life designed by MFG is like nothing else — even in Miami.

# HEAD IN THE SKY WITH A HAND IN THE WATER

**LIMITLESS POSSIBILITIES, BOUNDLESS OPULENCE**

This is an entirely new proposal for how to live in Miami. These aren't just views of the water. This is an open window with a breeze coming off the bay; dinner on the veranda with the sunset refracted in the water; a buzzing city waiting beyond.

This is a place telegraphing the old tradition of villa living in Lake Como – steeped in romance and warmth; meant to be lived in. A place encompassing the best of the water and life beyond.

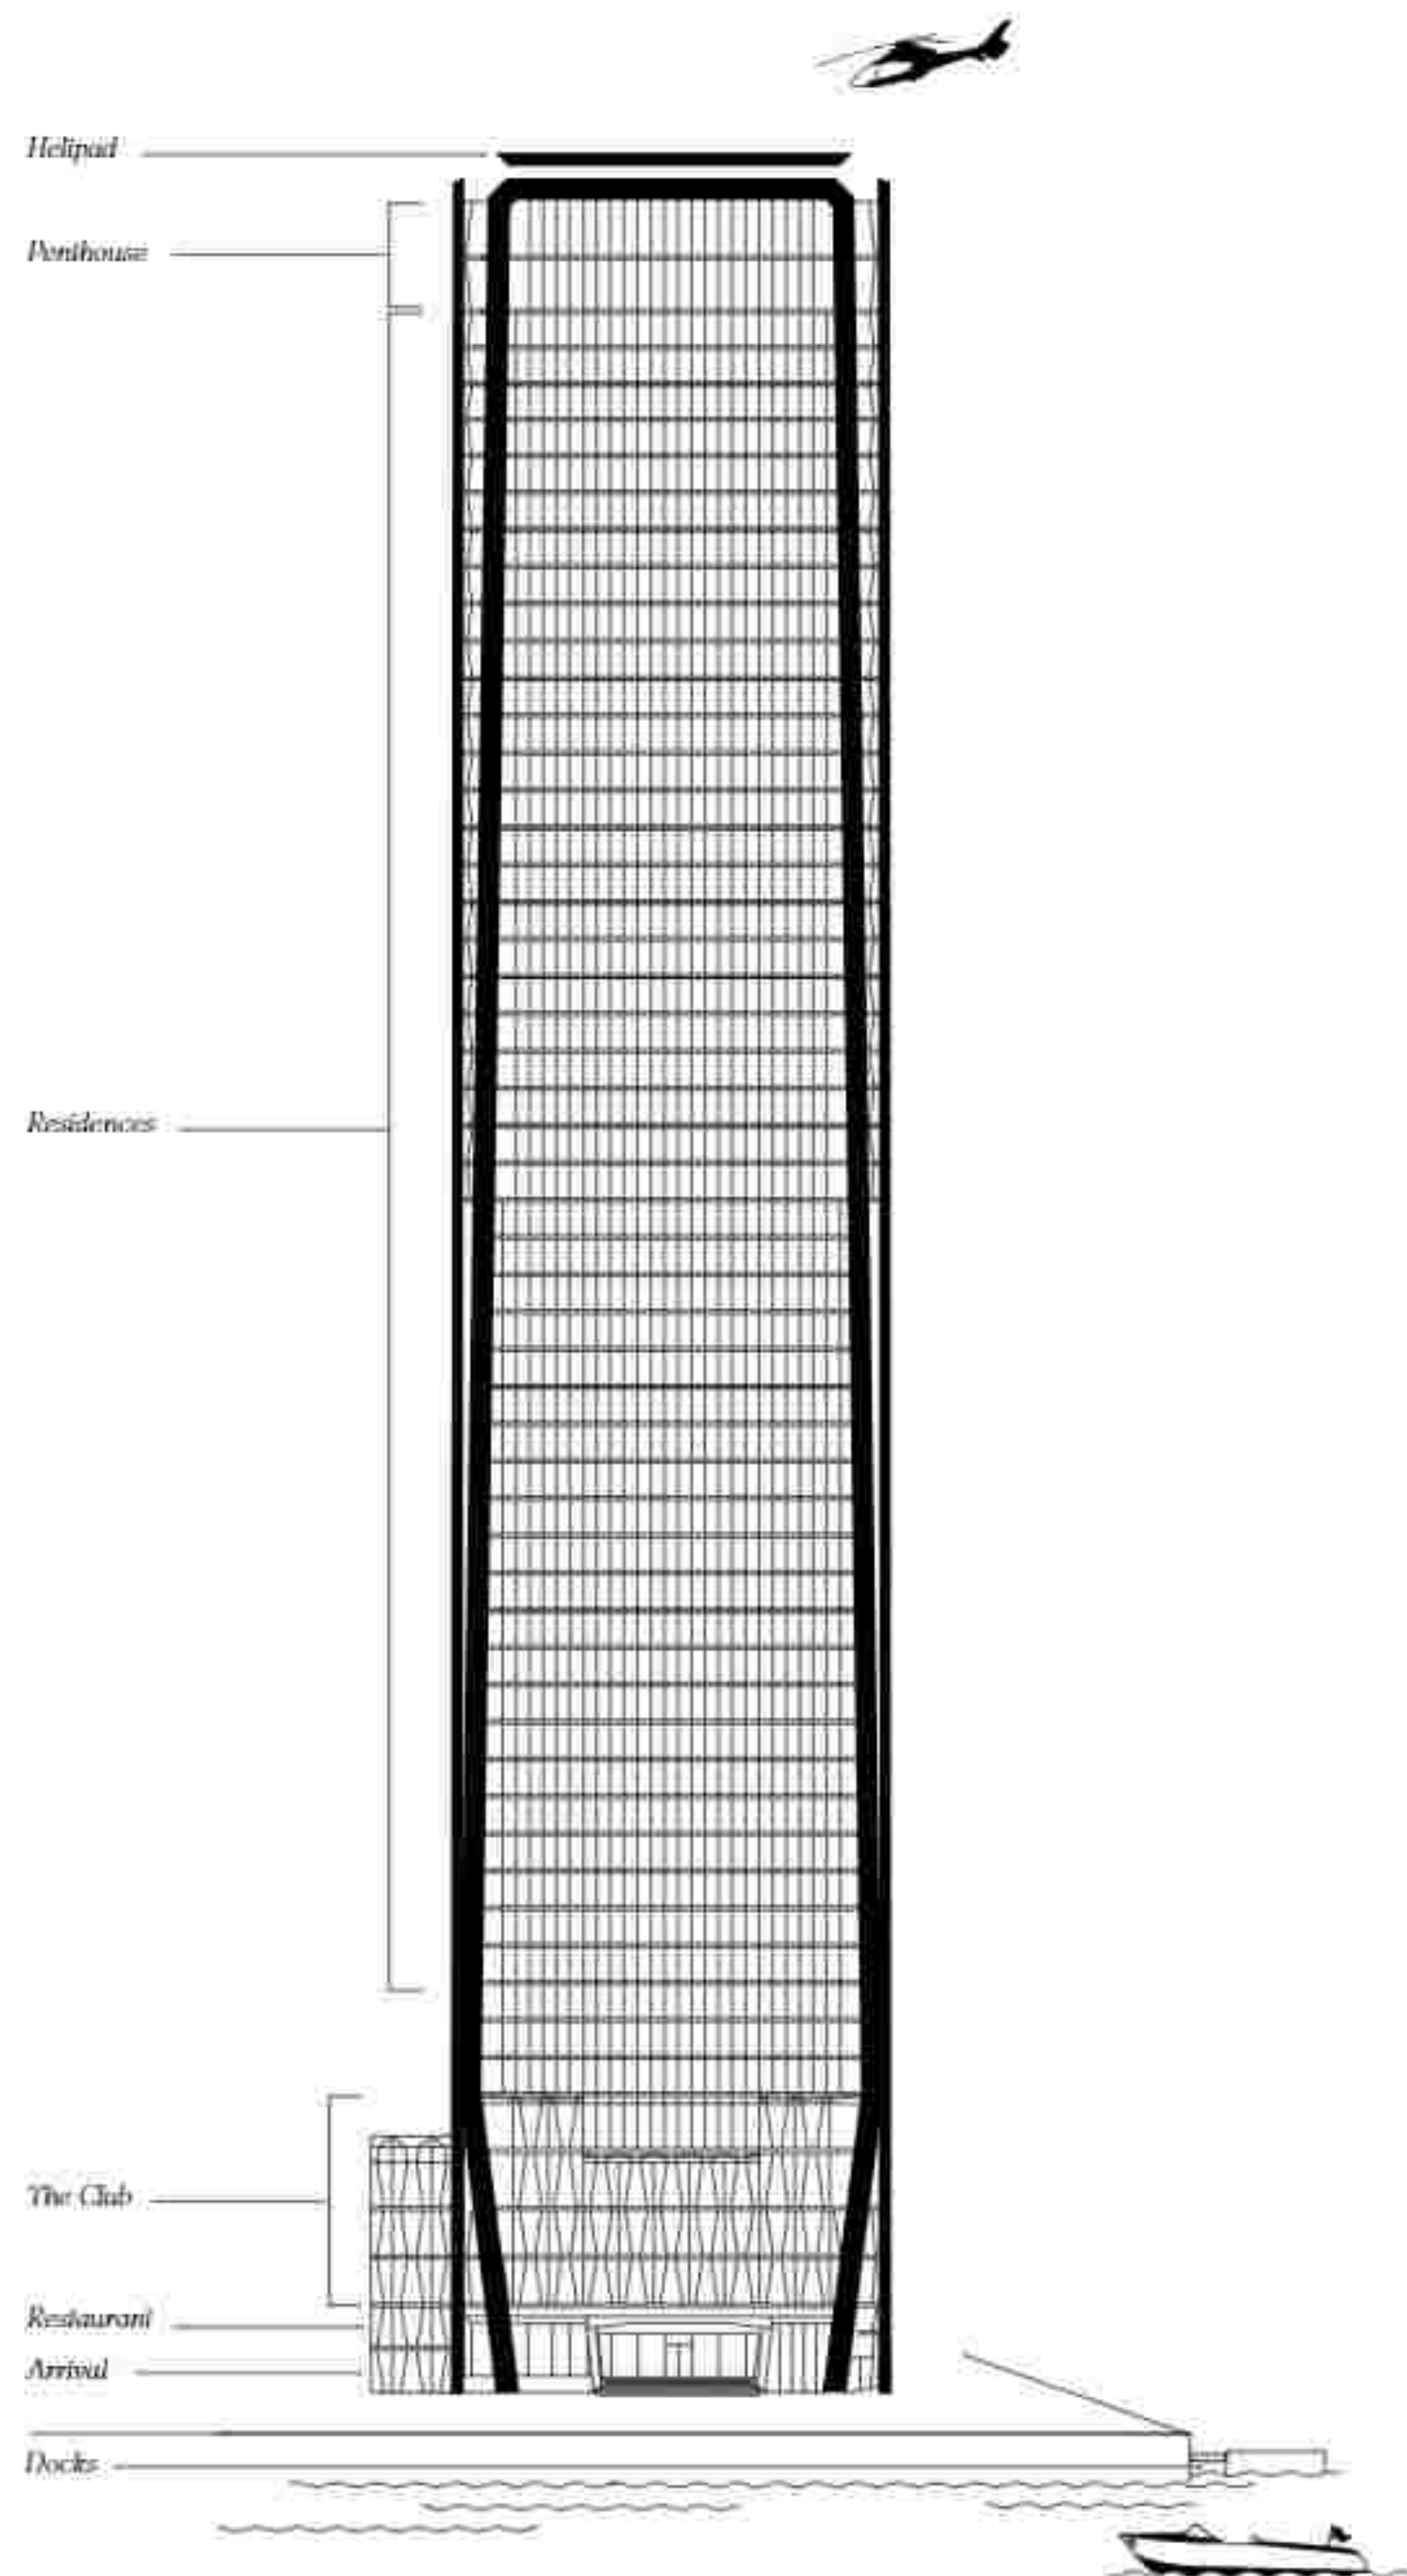

**A NEW LANDMARK****ELEVATED IN EVERY SENSE:  
HOMES IN THE SKY, NESTLED  
BETWEEN LAND, AIR & SEA**

A gemstone shining above the bay, Villa Miami proposes a way of life opulent but intimate — and that's entirely new for Miami's skyline. ODP Architects designed an icon distinct from the soaring condos that already populate the cityscape: A structure that's instantly a landmark.

Waterfront homes in the sky, glazed in copper — anchored on top by a helicopter pad and below by a dock. Rising up from the pristine coast and at home in the sky, this isn't just the city's most iconic building, it's an invitation to indulge in the best of Miami.

## AMENITIES, SERVICES & DINING

# A STUNNING COLLECTION OF AMENITIES, SERVICES, AND SPACES

### EACH MORE ENTICING THAN THE LAST

Villa Miami's amenities go beyond a curator and a gym. Major Food Group designed the building's services to operate as an ecosystem of conveniences, where needs are anticipated, coffee orders are known by heart, and a pool, thermal spa, and sauna are always just downstairs.

Like a small town unto itself, the building comes with an array of spaces for every kind of gathering and convenience, while landscape architect Enzo Enea designed the grounds according to the spirit of the place—the sun, the wind, the soil, and the water nearby.

## THE MFG LIFESTYLE

# HERE, THE CURATOR ALWAYS PICKS THE RIGHT GIFT FOR YOUR IN-LAWS & ESPRESSO ARRIVES STEAMING AT YOUR DOOR EACH MORNING.

Villa Miami is designed around a suite of services, each in conversation with the last. An in-house curator so each resident can experience the help of a personal assistant. A dedicated back-of-house staff will ensure that deliveries make it to your doorstep in minutes.

Beyond the service, state-of-the-art gym, and the variety of pools, Villa Miami contains a sprawling spa complete with hot and cold plunges, sauna and steam room, all inspired by the finest retreats in the Mediterranean. Downstairs, the most seductive food and beverage program in Miami: two floors of a bar and restaurant from Major Food Group, serving a coastal Italian menu befitting the restaurant's seat at the waterfront.

### THE NEW HEART OF MIAMI

The 1980s saw the rise of Miami Beach, filled with characters from the fashion and entertainment worlds. The aughts witnessed the birth of Miami's Art Basel as a mecca for art.

Now, the next cultural renaissance in Miami is happening in Edgewater, where a new interpretation of waterfront living is emerging, built for a certain kind of global citizen who just happens to call Miami home.

EDGEWATER

# THE RESIDENTIAL NEIGHBORHOOD OF THE DESIGN DISTRICT, AND EASILY CONNECTED TO ALL THE REST

Edgewater is connected to the best of Miami, situated just five blocks from the Design District and across the Venetian Causeway from Miami Beach.

Within easy reach to all the best of Miami, Edgewater represents the future of the city and the increasingly global populace of people who call it home. The arrival of Villa Miami means the next chapter of Edgewater has begun.

Accessible to some of Miami's most tempting areas, Edgewater is also in and of itself the best of contemporary Miami: on the waterfront, with sunset views of the Bay and the Venetian Islands; home to some of the city's most exciting restaurants, as well as the revitalized Margaret Pace Park and culture like the Institute of Contemporary Art Miami.
